

SEBA NEWS FLASH

PLACE ON BRIEFING BOARD

BUDGET DEFICIT AND POSSIBLE LAYOFFS

On April 5, 2010, SEBA met with the New CAO to discuss the current economic situation of the County.

In that meeting, the CAO informed SEBA that there will be layoffs to all bargaining groups that do not assist the County in reducing the budget deficit. **This includes 24/7 operations.**

Our response was, **“If the membership decides to assist the County it would be with the understanding that all other employee groups would have to assist at the same percentage or face layoffs.”**

At this time, SEBA does not have an exact figure of what the County needs from our bargaining groups.

The next meeting with the County is scheduled for April 13, 2010.

There will another SEBA Flash as information becomes available.

Remember, whatever final position SEBA takes, that position will come from a vote of the membership.
