PLACE ON BRIEFING BOARD

NEGOTIATION UPDATE: COUNTY BUDGET DEFICIT

SEBA and County negotiators met today to discuss the economic conditions and budgetary concerns. This meeting and the past two meetings were a direct result from the agreement voted upon by all SEBA bargaining groups in 2009.

County negotiators supplied SEBA representatives with the value of what they felt was needed from our bargaining groups to assist with the budget deficit. That figure equated to \$16,517.472, or the value of all raises due July of 2010.

No formal offers have been made by SEBA at this time. We have requested additional information in reference to values of different components within the current MOU's.

The next meeting is scheduled for April 21, 2010, at 1:00 pm. A SEBA Flash will be sent out after the completion of that meeting.
